Dear Colleagues!

State Institution Scientific and Practical Center of the State Forensic Examination Committee of the Republic of Belarus offers doctoral candidates, post-graduate students, applicants, researchers, professors, forensic experts, law enforcement officials, judicial officers and attorneys (advocates) to publish results of their research in the collection of scientific papers «*Issues of Criminology, Forensics and Forensic Examination*».

The collection has been publishing since 1970 with a frequency of two issues a year and is one of the most authoritative publications on forensic and criminological studies in the Republic of Belarus.

This research edition objective is to publish scientific articles containing results of experimental studies, forensic practices, theoretical and methodological developments in the field of forensic examination and related fields of knowledge.

Articles and discussion papers are published in the following sections of the collection:

- *Criminal Law and Criminology*
- *Criminal Proceedings*
- *Forensic Science*
- *Forensic Activities*
- *Medical Jurisprudence*

The collection of scientific works is designed for a wide audience: research staff, forensic experts, staff of the law enforcement agencies, judges, attorneys (advocates), teaching staff, doctoral candidates, candidates for a master's degree, students, etc.

The collection of scientific papers «Issues of Criminology, Forensics and Forensic Examination» is included into the List of scientific publications of the Republic of Belarus for publishing results of doctoral researches in legal professions: 12.00.08 (criminal law; criminology and penal enforcement law); 12.00.09 (criminal proceedings); 12.00.12 (forensic science; forensic activities; operational search activities); in medical sciences: 14.03.05 (medical jurisprudence) as well as to the Russian Science Citation Index (<https://elibrary.ru/contents.asp?titleid=64168>).

Scientific articles undergo a mandatory review procedure. A reviewer is appointed by the Editorial Board.

The Editorial Board reserves the right to reject, without reviewing, articles that do not correspond to the profile of the scientific papers collection or which are not designed according to the existing requirements.

Articles can be submitted in Russian, Belarusian and English.

Publications of scientific articles are free of charge; royalties are not paid.

Requirements for scientific articles design and the archive of the collection are posted on the website: www.sudexpertiza.hy.

We hope for fruitful cooperation!
